

End-to-End Test Plan: Employee path

Scenario 1: Attempting to Log In Without Credentials

Given I am a visitor (not logged in).

When I don't fill in the email or password fields of the employee login, and I click on the login button. Then I stay on the login page, and I am invited to fill in the missing field.

Scenario 2: Incorrect Email Format on Login

Given I am a visitor (not logged in).

When I fill in the email field of the employee login in the wrong format (without the @ symbol), and I click on the login button. Then I stay on the login page, and I am invited to fill in the email field using the correct format.

Scenario 3: Successful Login

Given I am a visitor (not logged in).

When I fill in the email and password fields of the employee login correctly, and I click on the login button. Then I get redirected to the Bills page.

Scenario 4: Accessing the New Bill Form

Given I am logged in as an employee.

When I click on the "New Bill" button. Then the New Bill form is displayed.

Scenario 5: Submitting a New Bill

Given I am logged in as an employee and on the New Bill form.

When I fill out the form correctly and submit it. Then the bill is added to the list of bills, and I am redirected back to the Bills page.

Scenario 6: Viewing a Bill Detail

Given I am logged in as an employee and on the Bills page.

When I click on the eye icon next to a bill. Then a modal opens showing the bill's detailed information and image.

Scenario 7: Logging Out

Given I am logged in as an employee.

When I click on the logout button. Then I am logged out and redirected to the login page.

Scenario 8: Attempting to Access the Bills Page Without Being Logged In

Given I am not logged in. When I attempt to navigate directly to the Bills page URL.
Then I am redirected to the login page.

Scenario 9: Uploading a Bill With an Incorrect File Type

Given I am logged in as an employee and on the New Bill form.

When I attempt to upload a file with an unsupported format (e.g., .txt, .docx). Then I receive an error message, and the file is not uploaded.
